

United Way
Saint John, Kings
& Charlotte

Powered by the United Way, we are a community of inspired leaders driving a local movement of people using business as a force for good.

Our goal is to grow to 20+ members who will collectively invest a quarter million dollars in our community. By harnessing the power of the Quarter Club, we use profits and growth as a means to a greater end: positive impact for our business, employees and community.

FOR SOCIAL CHANGE

#UNIGNORABLE

Saint John has the highest rate of violence against young girls in Canada. We're making local issues unignorable.

With United Way's Help We Are

1. Investing in solutions that break the cycle of **domestic violence**.
2. Helping everyone have access to the **mental health** support they need.

Community Impact

- Support moms and their kids to permanently leave abusive relationships.
- Ensure individuals and families have access to mental health services.
- Educate youth about healthy relationships.
- Help women maintain their recovery from addictions.

Easy as 1, 2, 3

1. Invest \$210 per month (\$2,500 per year) for 5 years.
2. Promote your participation online and onsite to your customers, suppliers, partners and employees.
3. Receive quarterly updates including an annual network meeting to review your impact and discuss emerging local issues.

“By harnessing the momentum of the Quarter Club, our firm is having a bigger impact in our local community on some of the most pressing social issues in our region.”
