Andrew's Story

Andrew is a grade 11 student at Harbourview High School with lofty goals. At 17 years old Andrew lives independently uptown, holds down a job, saving for his post-secondary education, and handling a huge course load at school.

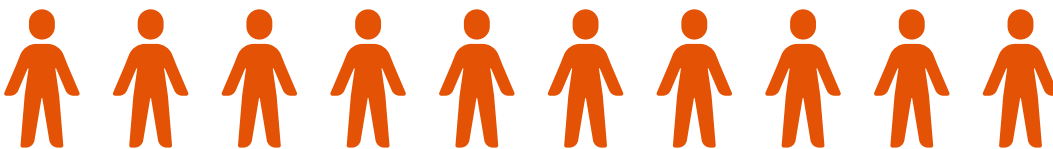

Struggling to keep his marks up, he approached his guidance counselor at school to inquire about tutoring. They suggested BGC Raise the Grade. Andrew had previously attended BGC when he was younger and was unsure if a BGC program could help, but he tried it and found that this program is not the BGC of his youth.

He has been working with one of the mentors, and teacher, Rob, who is helping him with his sciences. Andrew said the tutors at Raise the Grade are really helpful and have helped him improve his grades. Quote from Andrew "Rob really knows his stuff".
