Cynthia's Story

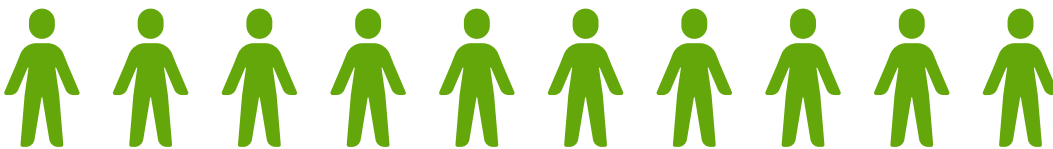

Cynthia joined Charlotte Dial A Ride in January 2021 when she needed transportation to travel to an eye specialist in Saint John. She was losing her vision and needed these treatments in order to save it. We drove her six times between January and July to the specialist's office and to a surgery at St. Joseph's hospital. After the final surgery her eyesight has been restored.

Cynthia told us that without Charlotte Dial A Ride giving her transportation to see the doctor, she would have lost her vision. She is so thankful that we were able to help her! Her brother in law was experiencing similar issues and she brought him in to join Charlotte Dial A Ride; He has been travelling to the specialist with Dial A Ride since December, 2021 for similar treatments. He reported to us last week that he is scheduled for a second surgery, the first week of April. This one is expected to restore his vision! He then plans to move back to another Province to pursue work.
