donated in 2019

Move people from poverty to possibility

Break the cycle of domestic violence

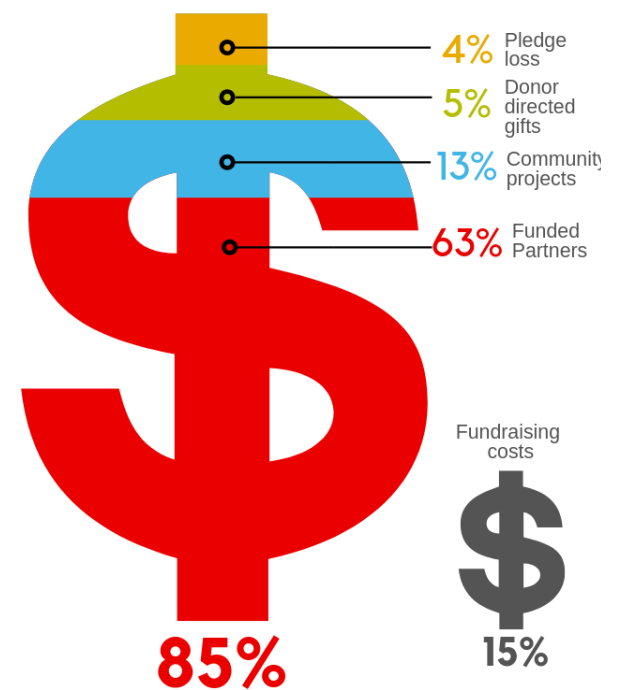

Help kids be all they can be

Access to mental health supports

Tracy, Sistema

Tracy joined Sistema at age 5 in 2014 with enthusiasm but struggled with being still and quiet during class, becoming easily upset and having a hard time focusing. Four years later, Tracy was chosen for the SJ Youth Orchestra and became a Sistema volunteer. His confidence and patience have grown and he's an excellent mentor. He can be trusted to watch a class of students, mentor one-on-one or in small groups and always be in the right place at the right time. Tracy, now 11, is able to take on the responsibilities of a high-school student.
